COURSE OBJECTIVES
To provide the knowledge required to make progress in the field of biliopancreatic endoscopy
×
To describe the technical steps which are used for advanced endoscopic procedures
×
To describe results and potential complications, and how to prevent them
×
To practice on ex-vivo and live tissue in order to give participants the technical capacity to improve their expertise

EDUCATIONAL METHODS
Interactive theoretical and video sessions between Faculty and course participants
×
Live and pre-recorded operative demonstrations
×
Hands-on sessions in biliopancreatic endoscopy on ex-vivo and live tissue under expert tutorial
